

Catalog Number 54442
UPC Number 60198654442
Description Automatic Stripping/Crimping Tool
22-10 Awg

Features

OPERATION

Stripping head automatically adjusts to strip: 10-20AWG solid, 12-22 AWG stranded, 12/2 & 14/2 Romex wire.
Stopper is adjustable to control the length of the core strip.
Tensioning thumb screw allows for precision stripping of smaller gauge wire.
Turn the knob clockwise for larger wire. Turn counterclockwise for very small wire (24AWG or smaller)
Squeeze handles together to lower gripping and stripping heads.
Squeeze handles more to strip the wire. Release the handles and remove the insulation.

CUTTING WIRE - Place wire perpendicular to cutting blade surfaces then close tool to cut wire. Warning: Cut end of wire may be ejected at high speed, wear appropriate eye protection.

CRIMPING WIRE CONNECTORS ON WIRE ENDS- Strip wire to appropriate length, insert into barrel of crimp connector then place the barrel of the connector into desired wire gauge location then squeeze handles, crimping barrel to wire.

Rotate wire/cable into the stripping position

General

Material: Tempered Steel
Handle Material: Rubber Over-Molded Handles
Strip Wire Range: 22-10
Cutting Wire Range: 22-10
Crimping Wire Range: 22-10 Insulated
22-4 Non-Insulated

Dimension Information

L Inches: 8"
Width: 2"
