

Home Network Wiring System

- ▶ Our innovative series of modules and enclosures provides a fast and easy access point for all voice, audio, video and data connections on a fully flexible and customizable platform
- ▶ Fully integrates, manages and distributes broadband and multimedia services
- ▶ Choose between Surface and Recessed units
- ▶ Enclosures use multiple knock-outs and pre-punched holes to accommodate network modules, tie wraps, mounting screws, ground screws, and wire bundles
- ▶ Includes raised mounting rails to create a clean wiring channel behind mounted modules
- ▶ Features 180° captured hinge cover design for easy access and positive closing latch
- ▶ All enclosures have a keyed latch installed for positive closure and added security
- ▶ Captured hinge cover design allows easy access while eliminating lost parts
- ▶ 18 Gauge steel construction provides strength and excellent EMI/RFI protection
- ▶ Media Center modules snap into place (no tool required), precise hole spacing allows flexibility for mounting
- ▶ Modules can be mounted in Enclosure or mounted as individual units directly on any surface - simply remove existing push pins and insert screw to fasten on desired surface
- ▶ Fully supported broadband and multimedia integration

87100

Holds up to
4 Modules 1-7/8"(H) or
3 Modules 2-7/8"(H)

87102

Holds up to
16 Modules 1-7/8"(H) or
8 Modules 2-7/8"(H)

87106

Holds up to
16 Modules 1-7/8"(H) or
8 Modules 2-7/8"(H)

Home Network Enclosures

Cat. No.	Mounting	Size	Case Qty
87100	Surface	7" W x 11"H x 3.25"D	4
87102	Surface	14.38" W x 19"H x 3.5"D	2
87106	Flush	14.63" W x 19"H x 4.375"D	1

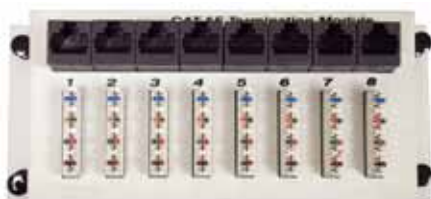

Television Master Hub

- ▶ Television distribution up to 6 rooms
- ▶ Accepts 2 inputs allowing insertion of video camera feed
- ▶ Built-In Amplifier, 0db insertion loss
- ▶ Return loss 10dB - isolation 20dB
- ▶ 9VDC 300mA power supply included
- ▶ 6-1/2"(W) x 2-7/8"(H) x 1"(D)

Cat. No.	Case Qty
87158	20

Cat 5E DataComm Master Hub

- ▶ Allows serviceable termination of data wires from 8 locations
- ▶ Color-coded 110 IDC blocks for simple and secure terminations
- ▶ Gold plated RJ-45 terminals provide clean and solid connections
- ▶ Conforms to EIA/TIA 568B standards
- ▶ 6-1/2"(W) x 2-7/8"(H) x 1"(D)

Cat. No.	Case Qty
87156	20
